Statement of Objects and Reasons.

The State Government constituted a Committee in 1948 to go, among other things, into the question of the abolition of Inams, Jagirs, etc., and the Committee have made their recommendations in the matter which are at present under the consideration of the State Government. Complaints reached the State Government, in the meanwhile, that anticipating that the State Government will acquire Inam Villages, certain Inamdars were forcibly evicting tenants from lands in Inam Villages and that they were disposing of valuable trees and lands set apart in the village for the use of the village community. The State Government considered it necessary to control the eviction of tenants and disposal of reserved lands and trees in Inam Villages pending a comprehensive legislation dealing with Inams on the recommendations of the Committee.

Since urgent action was necessary to prevent the comprehensive Act, when passed, from being frustrated

908

by the Acts of the Inamdars in the meantime, the Mysore Alienated Villages (Protection of Tenants and Miscellaneous Provisions) (Emergency) Act, 1949, (LXXVI of 1949), was promulgated on the 12th December 1949.

As this Emergency Act was due to expire in June 1950 and as the continuance of its provisions beyond its normal expiry date was necessary, the Mysore Alienated Villages (Protection of Tenants and Miscellaneous Provisions) Ordinance, 1950, (Ordinance IV of 1950), was promulgated in June 1950 for re-enacting the provisions of the said Emergency Act.

This Bill is intended to repeal and replace the Ordinance and it embodies an additional provision for controlling appropriation of agricultural land for non-agricultural purposes.

6. The State Government may, by notification in the *Mysore Gazette*, make rules to carry out the purposes of this Act.

Repeal and savings.

7. The Mysore Electricity (Taxation on Consumption) Ordinance, 1950, (Mysore Ordinance No. IV of 1950), is hereby repealed. But any rules made, any notification issued, anything done and any action taken in exercise of any power conferred by or under the said Ordinance shall be deemed to have been made, issued, done or taken in exercise of the powers conferred by or under this Act, as if this Act had come into force on the first day of July, 1950.

Statement of Objects and Reasons.

In connection with the measures to be taken for augmenting the State Revenues, the State Government proposed the levy of a surcharge on the existing rates for the supply of electrical energy and the estimated receipts from this head was included in the Budget Estimate for the year 1950-51, which was approved by the Legislature.

It was found that the surcharge could not be levied on all consumers without separate legislation since the levy would affect existing contracts and that such legislation by way of Ordinance required the previous sanction of the President, and that if the levy was imposed in the form of a tax on consumption of electrical energy, no sanction of the Central Government was necessary. Since the Legislative Assembly was not in session and the matter was urgent, the Mysore Electricity (Taxation on Consumption) Ordinance, 1950, was promulgated by His Highness. The Bill is intended to repeal and replace the Ordinance.

179. By a person desiring to appeal under the Code of Civil Procedure, 1911, to the Supreme Court for leave to appeal.	Ninety days	The date of the decree appealed from.

"

Statement of Objects and Reasons.

Article 261 (3) of the Constitution of India enacts that final judgments or orders delivered or passed by civil courts in any part of the territory of India shall be capable of execution anywhere within that territory according to law. The Government of India have accordingly adapted the Indian Code of Civil Procedure, 1908, by substituting new sections 43 and 44, providing for the

912

enforcement of decrees passed in Part B States, in Part A and Part C States. Since it will take some time before the Indian Code is extended to Mysore, they have requested that a similar amendment may be made in the Mysore Code of Civil Procedure. Clause 2 of the Bill makes provision for this.

Articles 132, 133 and 136 of the Constitution of India provide for appeals to the Supreme Court of India from any judgment, decree or final order in a civil proceeding of a High Court in the territory of India. In view of the mandatory provisions contained in these articles, necessary adaptations have been carried out by the Government of India in sections 109, 110 and 112 of the Indian Code of Civil Procedure, 1908. The Mysore High Court have suggested that similar provisions should be included in the Mysore Code of Civil Procedure. Clause 3 makes this amendment.

It is also considered necessary to make consequential amendments in the Mysore Limitation Act, 1911, for fixing the period of limitation for applying for a certificate for leave to appeal to the Supreme Court under the Mysore Code of Civil Procedure. For this purpose, by Clause 4 of the Bill, a new Article 179 has been proposed to be inserted in the First Schedule to the Limitation Act on the lines of the corresponding Article contained in the Indian Limitation Act, 1908.

NOTIFICATION.

No. L.D. 1522-28, dated Bangalore, the 14th August 1950. 913

Under Rule 36 of the Mysore Legislative Rules, the following Bill together with Statement of Objects and Reasons is published for general information.

THE MYSORE SALES-TAX (AMENDMENT) BILL, 1950.

A Bill further to amend the Mysore Sales-Tax Act, 1948.

Preamble.

WHEREAS it is expedient further to amend the Mysore Sales-Tax Act, 1948, (Mysore Act XLVI of 1948), for the purposes hereinafter appearing;

It is hereby enacted as follows:

Short title and commencement.

1. (1) This Act may be called the Mysore Sales-Tax (Amendment) Act, 1950.

(2) It shall come into force at once.

Amendment of section 22 of Act XLVI of 1948.

2. In section 22 of the Mysore Sales-Tax Act, 1948, (hereinafter referred to as the said Act), the word "Civil" wherever it occurs shall be omitted.

Amendment of section 24 of Act XLVI of 1948.

3. For sub-section (3) of section 24 of the said Act, the following sub-section shall be substituted, namely:—

"(3) Nothing in this section shall apply to the disclosure of any of the particulars referred to in sub-section (1)

(*a*) for the purposes of a prosecution under the Indian Penal Code, in respect of any statement, return, accounts, documents or evidence, or for the purposes of a prosecution under this Act; or

(*b*) to an officer of the Central Government, as may be necessary, for the purpose of enabling that Government to levy or realise any tax imposed by it."

Statement of Objects and Reasons. 994

Section 22 of the Mysore Sales-Tax Act, 1948, provides that no assessment made and no order passed under the Act or the rules made thereunder by any assessing authority shall be called in question in any Civil Court. This section does not rule out the possibility of the assessments being challenged in a Criminal Court in which prosecutions are launched under section 20. In order to prevent tax-dodgers from resorting to such evasive tactics and thereby ensure the smooth recovery of taxes from them, it is considered necessary to amend section 22 so as to protect sales-tax assessments from being questioned in Civil as well as Criminal Courts.

Section 54 of the Indian Income-Tax Act, 1922, was amended recently to permit Income-Tax authorities to disclose to the officers of State Governments any information that the latter may require for the purpose of enabling those Governments to levy or realise any tax imposed by them. The Government of India have requested the State Government to amend the Mysore Sales-Tax Act, with a view to providing similar facilities to the Income-Tax authorities of the Central Government.

Under Section 24 of the Mysore Sales-Tax Act, returns, accounts or documents produced in accordance with the provisions of the Act are confidential between the assessee and the Sales-Tax authorities, except for the purpose of a prosecution under the Indian Penal Code or for the purposes of a prosecution under the Sales-Tax Act. As this section does not permit disclosure of information for any other purpose and as it is felt that the exchange of information between the Income-Tax authorities and Sales-Tax authorities will prove very useful for preventing tax evasion, it is proposed to amend section 24 for giving effect to this object.

Statement of Objects and Reasons.

The object of this Bill is to encourage the establishment of independent warehouses for the storage chiefly of agricultural produce, and to make provision for the proper supervision and control of such warehouses. The receipt issued by the warehouseman for the produce stored by him will be transferable by endorsement and will serve as a collateral security for any loan required by the agriculturist for the purpose of financing his seasonal agricultural operations, etc. The *modus operandi* will be as follows: The agriculturist will deposit his produce in a

926

warehouse and get a receipt from the warehouseman which he will endorse in favour of the Bank or Co-operative Society giving the loan to him. As a result of this Bill, it is expected that there will be a considerable increase in the volume of finance available to agriculturists and further that the agriculturist will be able to realise better prices for his produce, as he will no longer be under the necessity of disposing of it in a hurry in unfavourable market conditions.

The Bill is based on the lines recommended by the Reserve Bank of India. Similar legislation has been passed in Bombay and Travancore.

Every warehouseman is required to take out a licence for the conduct of his business. Before granting a licence to a warehouseman, the prescribed authority will satisfy itself that the warehouse is suitable for the proper storage of the goods in respect of which the application is made, and that the applicant is competent to conduct the business. The licence will be valid for a prescribed period and may be renewed from time to time. It may be suspended or cancelled by the prescribed authority for reasons to be recorded in writing, after giving the warehouseman an opportunity of making his representations, if any, in regard to the matter. When the licence expires, or is suspended or cancelled, it is to be returned to the prescribed authority.

The warehouseman has to take proper care of the goods deposited in the warehouse, and to keep it clean and in a sanitary condition and to take all necessary precautions against rats and other pests. He should not accept for storage goods which are likely to cause damage to other goods in the warehouse. The goods of different depositors should be kept separate so as to facilitate their ready identification and delivery. If any goods deteriorate, the warehouseman should give notice to the owner of the goods asking him to take delivery of the goods; and if the owner fails to do so, within a reasonable time, the goods may be disposed of by public auction at his cost and risk. The warehouseman is required to insure goods against loss or damage by fire, floods, theft or any other accident. The warehouseman is prohibited from discriminating between persons desiring to avail themselves of the facilities of the warehouse, but preference may be shown to Co-operative

927

Societies. The warehouseman is prohibited from dealing in, or lending money on, goods deposited in the warehouse.

Provision has been made for the inspection of licensed warehouses and also for the issue of licenses to qualified persons entitling them to act as samplers, weighers and classifiers. The warehouseman should provide facilities for weighing and classifying goods deposited in the warehouse.

Any contract or agreement which is inconsistent with the provisions of the Bill or the rules made under it will be void to the extent of the inconsistency.

Power has been taken to make rules under the Bill in regard to all necessary matters.

NOTIFICATION.

928

No. L. D. 1622-28, dated Bangalore, 14th August 1950.

Under Rule 36 of the Mysore Legislative Rules, the following Bill, together with Statement of Objects and Reasons, is published for general information.

THE MYSORE CONTINGENCY FUND BILL, 1950.

A Bill to provide for the establishment of a Contingency Fund for the State of Mysore.

Preamble.

WHEREAS clause (2) of Article 267 of the Constitution of India provides that the Legislature of a State may by law establish a Contingency Fund in the nature of an imprest;

AND WHEREAS it is expedient to establish such a Contingency Fund for the State of Mysore;

It is hereby enacted as follows:—

Short title, extent and commencement.

1. (1) This Act may be called the Mysore Contingency Fund Act, 1950.

(2) It extends to the whole of the State of Mysore.

Establishment of a Contingency Fund.

2. There shall be established for the State of Mysore a Contingency Fund in the nature of an imprest, called "the Contingency Fund of the State of Mysore", and consisting of a sum of thirty lakhs of rupees withdrawn from the Special Reserve Fund of the State.

Custody of the Contingency Fund and withdrawals therefrom.

3. The Contingency Fund of the State of Mysore shall be held on behalf of the Rajpramukh by the Secretary to the State Government, Finance Department, and no advances shall be made out of such Fund except for the purpose of meeting unforeseen expenditure pending authorisation of such expenditure by the State Legislature under appropriations made by law.

Power to make rules.

4. The State Government may, by notification in the *Mysore Gazette*, make rules for the purpose of carrying into effect the provisions of this Act.

929

Statement of Objects and Reasons.

Under the Government of Mysore Act, 1940, the Government could meet unforeseen expenditure in the service of the State without authorization from the Legislature and then regularise it by moving a supplementary demand for a grant. The present Constitution does not permit of this procedure, but it authorizes the State Legislature to pass a law for establishing a Contingency Fund in the nature of an imprest to meet only unforeseen and urgent items of expenditure. It is accordingly proposed to establish a Contingency Fund for this State.

Provision has been made in the Bill for withdrawing a sum of 30 lakhs of rupees from the Special Reserve Fund of the State and transferring it to the credit of the Contingency Fund. The advances authorised out of the Fund for unforeseen expenditure will be recouped to the Fund by supplementary funds authorized by the Legislature through supplementary appropriation accounts or at the end of the financial year. The Fund will be administered by the Finance Department on behalf of the Rajpramukh.
